

Works notification

September & early October works overview in Parkdale and Mentone

The Victorian Government is removing 27 dangerous level crossings and building 17 new stations, making the Frankston Line level crossing free by 2029 and improving safety, reducing congestion, and allowing more trains to run more often. We've removed the level crossings at Warrigal Road, Mentone and Parkers Road, Parkdale, and built a new Parkdale Station.

What we're doing

During September and October, we will complete road asphaltting and kerb reinstatement works. This will involve temporary road closures in sections of:

- Como Parade East
- Como Parade West
- Warrigal Road intersection

Works will take place during the following times:

- ⚙ 7am to 6pm weekdays
- 🕒 7pm to 7am nightworks (see table below for date information)
- 🕒 24-hours (see table below for date information)

We will also work 24 hours from Friday 18 October to Monday 21 October within the rail corridor. We will contact you if you are directly impacted.

When works are scheduled during night shifts (see table below), we will contact you directly if you are likely to be impacted.

What to expect

- Increased activity overnight from trucks and construction vehicles
- Low to moderate noise from machinery
- Minor delays and detours on roads
- Minor traffic delays near closed sections of road
- Temporary lighting in place to safely illuminate work areas during night shifts.
